# TypingWeb - Meigs Academic Magnet
Grades 6-7-8

Keyboarding is an essential computer skill. An efficient typist can easily perform online research, type assignments, and take online exams. Students who type well become more confident and are likely to perform well academically.

ELA Writing Standards state that students will use technology, including the Internet, to produce and publish writing and to collaborate with others; present the relationships between information and ideas efficiently; and type a complete product in a single sitting.
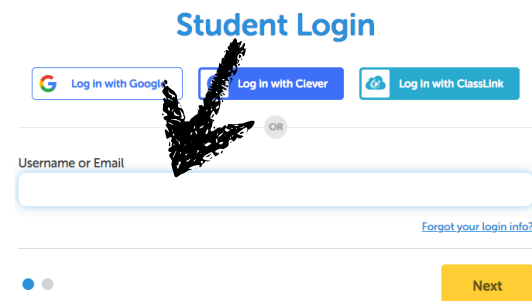

Goal: Students will be able to type at least 60 wpm with an accuracy rate of 96% by the end of 8th Grade.

- Go to the following website: **www.typing.com**
- Click on "**Student Login**" at the top of the page.

- Type in your username and password. (Students must use the log-in information provided by the school.)

- **Username** is … the same as your MobyMax username … **meigs_lastnamefirstname** (all lower case letters; no spaces; no hyphens … nothing but letters)

- **Password** is ... **the same as your MobyMax password**. New students will receive usernames and passwords at "Meigs 101."

- Click "Log In."

- Students are required to complete a minimum of <u>**15 exercises (screens) per week**</u>. The week **begins on Monday (even if Monday is a holiday) and ends on Sunday**. If there are exceptions to this time frame, you will be notified via Evrits.

- Progress will be checked weekly and a grade will be recorded. Your keyboarding grade will be part of your Literacy grade. (You can go to **http://skpo.weebly.com/keyboarding-typingweb.html** to see the "Grading Guide" for your grade level.)

- Additional information about Keyboarding standards can be viewed on Mrs. Purcell-Orleck's website (**http://skpo.weebly.com/keyboarding-typingweb.html**).

- **During the school year, you can email Ms. Purcell-Orleck at skpo@me.com for assistance with your username and/or password**.
